# KYLE BRUMM

Web Developer

## EXPERIENCE

### Simple Focus

Lead Developer  
April 2017 – Present

- Take part in project planning and help define technical specifications for the needs of the clients
- Build custom themes and plugins for Craft CMS and WordPress
- Lead the process of setting up a new hosting and deployment solution, while migrating 40+ client sites from old hosting
- Mentor junior developers and help them build on their current skillset

### The Sandbox Agency

Web Developer  
September 2016 – March 2017

- Developed responsive templates and custom plugins with Craft CMS
- Coded responsive marketing emails for use on the Salesforce Platform
- Implemented tools to streamline the development team's process

### Happy Medium

Web Developer  
January 2015 – January 2016

- Worked side-by-side with account coordinators and designers to turn PSD designs into pixel perfect websites
- Helped define the developer's workflow and build process with the use of internal tools and custom automation scripts
- Kept the development team organized by managing the team's Trello board and assigning tasks to team members
- Built custom WordPress plugins to integrate third party APIs

### Webspec Design

Web Development Intern  
February 2014 to January 2015

- Worked closely with project managers and designers to create custom WordPress themes
- Helped define the developer's workflow and build process
- Wrote Bash scripts to help with setting up new websites and automating repetitive tasks
